

Patient Identification Wristbands

Color-coded Patient Identification Wristbands for Direct Thermal Printers

The ISG™ provides an entire family of barcode patient identification wristbands and labels, with our direct thermal ContourBand®, ContourBand® Z, and ContourBand® AC solutions.

- Compatible with most direct thermal printers
- Contoured wristband shape with narrow strap and wide patient data area
- Soft, lightweight material provides maximum patient comfort and durability
- Unique surface provides seamless printing, high quality imprints, and resistance to water, soap, and hand sanitizers
- Large information area for printing text, linear, and 2D barcodes, photo ID, and graphics
- Ensures crisp, clear barcodes for easy scannability
- Latex-free, Phthalate-free
- Meets The Joint Commission's National Patient Safety Goals for improving the accuracy of patient identification and improving the effectiveness of communication among caregivers
- Complies with the guidelines of HIPAA to protect patient privacy and AHA to minimize the chance of lost or transferred data

ISG™ ContourBand® & ContourBand® Z

Both feature a dual-post snap closure for extra security

ISG™ ContourBand® AC

Format allows you to print along the entire length of the wristband and features a strong, tamper-evident adhesive closure

ISG™ Mobile ContourBand® AC

- Empowers the mobile healthcare worker to instantly serve patients at the point of care
- Improves workflow and care in the ER, at Bedside Registration, and during Disaster Relief

Compatible with the ISG™ S300 mobile printer
