The CP80 Plus card printer enables government agencies, corporations, universities and others to produce the most technologically advanced secure IDs available anywhere.

Superior security and durability

The Datacard® CP80™ Plus card printer can support even the most demanding ID programs. It produces high-quality secure ID cards that help you protect people, facilities and other critical assets. This printer can personalize contact or contactless smart cards, encode magnetic stripe cards and issue proximity cards. It is also optimized to work with Datacard® IDCentre™ identification software and capture solutions, as part of a fully integrated system.

Enhance security and durability

- One standard laminator and a second optional laminator can both apply Datacard® DuraGard® virtual edge-to-edge laminates, which cover 95% of the card to increase security and durability.
- Laminate any combination of topcoats or DuraGard laminates in a single pass. Apply different laminates to each side to improve cost-efficiency.
- Ultraviolet (UV) fluorescent printing comes standard for enhanced security.
- Security features include theft-deterrent software and a hardware lock system.
Standard features

One- or two-sided edge-to-edge printing
Continuous-tone for full-color or black-and-white photos
Ultraviolet fluorescent printing
Alphanumeric text, logos and digitized signatures
Automatic printer settings and offsets, automatic ribbon identification, validation and low ribbon warning
Full-color print speed of up to 175 cards per hour (one-sided), up to 165 cards per hour (two-sided) and up to 105 cards per hour (two-sided, print and laminate)
Choose topcoat or patch lamination with superior coverage or lamination without printing
Printer pooling
Connectivity:
Bi-directional USB and Ethernet 10/100 Base-T bi-directional networking
Printer driver features user-adjustable image and color controls, stand-alone printer diagnostics, color image and text card preview, online user help, add text, pattern or image to topcoat, and supply usage tab
Backlit LCD panel
Audible and visual message prompts on printer and PC
Automatic card feed
Quick-change ribbon and laminate cartridges
30-month standard depot printer and printhead warranty

Options

Second laminator
ISO magnetic stripe encoding (IAT; dual high and low-coercivity; tracks 1, 2 and 3 for IAT)
Smart card options include contact and contactless all-in-one reader; Contact PC USB reader; contact station; Prox by HID; and iCLASS® by HID
100- or 200-card input hopper
100-card output hopper
Magnetic stripe and smart card field upgradeability
Input hopper empty detection
Printer-PC security software
Hardware lock system

Specifications

Dimensions: L 23.1 in. x W 9.92 in. x H 18.82 in. to H 23.52 in. (58.76 cm x 25.2 cm x 47.8 cm to 59.74 cm)
Weight: Less than 27 lbs. (12.25 kg) without supplies
Print resolution of 300 dots per inch, 256 shades
Electrical requirements of 100/120V, 50/60 Hz; or 220/240V, 50/60 Hz
Accepts ID-1/CR-80 size cards measuring 3.370 in. x 2.125 in. (85.6 mm x 53.98 mm); accepts glossy-surfaced PVC cards; other core materials with PVC overlaminates are optional
Accepts card thickness from 0.02 to 0.05 in. (0.51mm to 1.27mm) + 10%, for print-only; 0.03 to 0.05 in. (0.76mm to 1.27mm) + 10% for print and laminate
Operates in temperatures from 60° to 95°F (15° to 35°C) and non-condensing humidity from 20% to 80%
Operating system support:
Microsoft® Windows Vista®, Windows® XP, Windows® 2003 Server, Windows® 2008 Server, supported on printer driver version 4.1
Windows® 2000 supported by printer driver version 2.1
Datacard® Open Platform printer driver for non-Windows platforms
Agency approvals: UL, cUL, FCC, CE, CCC, Click, RoHS
