

ISG™ Healthcare - Summit Series Printers

All ISG™ Summit Series thermal printers are available with PAL - a patented emulation solution that works with any software platform to give you the most flexibility and functionality.

ISG™ Z5

This versatile printer can print up to 6 inches per second and includes ZPL emulation. It can also handle a 5" OD label roll. **When you just need a quality, cost-competitive printer with or without PAL, the ISG Z5 is the right unit for you.**

The ISG S500 Summit Series is the most versatile and durable small footprint barcode label printer you can find. Your staff will love this robust, easy-to-use unit. It can hold a 5" roll for high print volume locations. **This is a great unit for printing on-demand tracking labels.**

ISG™ S500

ISG™ S100

The ISG S100 Summit Series is the perfect size and functionality for Admissions, Nursing Station & Emergency Departments. It holds a large 6.5" roll of media. **It is the ideal unit for printing patient wristbands and baby tags.**

With a smaller footprint than ISG S700, but just as rugged and reliable, the S600 still handles an 8" OD label roll. This low profile unit includes a USB keyboard port for downtime applications. **The ISG S600 is a heavy-duty printer for pharmacy, lab, and admissions labels.**

ISG™ S600

ISG™ S300

This lightweight, compact printer is ideally suited for a wide variety of mobile applications from receipts to barcode labels. Healthcare and Emergency Management especially benefit from the versatile S300. **Couple it with a Bluetooth scanner for the perfect patient bedside specimen label solution.**

The ISG S700 Summit Series is a full featured printer offering great value which handles an 8" OD label roll, and delivers fast throughput making it ideal for any high volume application. **It is the definition of a high performance barcode printer and includes a color touch display.**

ISG™ S700e

ISG™ S400

This rugged mobile printer is ready to handle a wide variety of applications, from Healthcare to Warehousing, from receipts to barcode labels. Ready for use with Droid APP & SDK, WinCE Quick-link tool & SDK, and iOS SDK. **The ISG S400 printer can connect via Bluetooth and WiFi simultaneously.**

The M8x is perfectly suited for mission critical applications. Built with heavy duty die-cast aluminum and a high performance processor resulting in tremendous print speeds, it also features a 4.3" color LCD and touch panel operation. **The M8x is a rugged and fast industrial-grade thermal printer.**
