ISG™ Patient ID Card System

Patient Registration & Identification Solution

The ISG™ Patient ID Card System is a cost-effective marketing program designed to generate a substantial return on your investment. With compliance to today’s healthcare industry standards for a safer, more efficient patient registration process, it can improve patient loyalty to your healthcare system.

How It Works
Automatic and immediate recall of the correct patient record every time is easy with our Patient ID Card System. Scan a patient’s personalized ID card, government issued ID (like a driver license), or even an insurance card, and the fields will automatically populate with their correct data.

Justification of Use
- Reduce duplicate medical records, which provides a huge cost savings
- Reduce costs from fraud and lost billing revenue
- Increase patient satisfaction due to the speed, efficiency and privacy in the registration and check-in processes
- Reduce claim denials by securing accurate patient information at registration
- Patient cards drive marketing power by constantly reminding patients of your facility and services
- Cards are seen as valuable and “high-tech” by your customers

Return on Your Investment
- Saves time and money
- Reduces duplicate medical records
- Reduces medical errors
- Drives patient loyalty
- Improves brand visibility

“This helped us reduce duplicate medical records by 50%!“ - Current ISG Customer

About the ISG
The Identification Systems Group (ISG) is a nationwide network of local experts in identification, security, tracking, and card personalization technologies, providing high quality, cost-effective solutions backed by local support and the strength of our Professional Services Certification program. Each member company works together to provide seamless support and collaboration in the identification and issuance industries across the USA and Canada.
