

The Identification Systems Group (ISG) Announces Susan G. Komen Donation

ISG members and partners donate more than \$13,500 at their 2013 Annual Spring Meeting to Susan G. Komen for breast cancer research

Shawnee, KS (PRWEB) May 21, 2013

The Identification Systems Group (ISG), the nationwide network of local identification system integrators, announces its donation to the Susan G. Komen Breast Cancer fund. The ISG donated more than \$13,500 to Susan G. Komen from its Sixth Annual Charity Golf and Auction event in Tampa, FL on April 29, 2013.

About Susan G. Komen 3-Day: It's a 3-Day, 60-mile event. Seventy-five percent of the net proceeds raised by the Susan G. Komen 3-Day® help support Komen's global research program, the largest nonprofit source of breast cancer research funding outside of the U.S. government. These funds also support large public

health programs that address critical issues in breast cancer treatment and care. The remaining 25 percent stays in the local community, providing funds for financial, social and medical needs of our neighbors. Komen's impact is unquestioned: Virtually every major advance in the fight against breast cancer in the last 30 years has been impacted by a Susan G. Komen for the Cure® grant.

The ISG event team led by Danielle Jorgensen worked with Susan G. Komen personnel and solicited auction items and cash donations from its Members and Partners. Danielle Jorgensen (ISG Marketing Manager), Bill Scott (Data Equipment), and Roger Sigler (ISG Executive Director) comprised the ISG event team.

"The ISG wishes to thank its Members and authorized Partners for their contributions to the success of this golf tournament and auction," said Roger Sigler, ISG executive director. "We are very pleased to contribute to this wonderful charity and look forward to another successful event next year."

About Susan G. Komen®

Susan G. Komen is the world's largest breast cancer organization, funding more breast cancer research than any other nonprofit outside of the federal government while providing real-time help to those facing the disease. Komen has set a Bold Goal to reduce the current number of breast cancer deaths by 50 percent in the U.S. by 2026. Since its founding in 1982, Komen has funded more than \$988 million in research and provided more than \$2.2 billion in funding to screening, education, treatment and psychosocial support programs

"We are very pleased to contribute to this wonderful charity," says Roger Sigler, the ISG's Executive Director.

serving millions of people in more than 60 countries worldwide. Komen was founded by Nancy G. Brinker, who promised her sister, Susan G. Komen, that she would end the disease that claimed Suzy's life. That promise has become Komen's promise to all people facing breast cancer. Visit komen.org or call 1-877 GO KOMEN.
