

# ISG™ ContourCare® Thermal Newborn ID System

## Matching Parent & Child Label Sets

The ISG™ ContourCare® Thermal Newborn ID System helps ensure that every newborn is properly identified and matched to their parents. It provides single-step, on demand printing of barcoded patient identification wristbands.

### Features Include:

- Ultra-soft, lightweight material and contoured shape provide maximum durability and patient comfort
- Compatible with most direct thermal printers
- Available in 2-part or 4-part formats
- Unique surface provides seamless printing, high-quality imprints and resistance to water, soap and hand sanitizer
- Ensures crisp, clear barcodes for easy scannability
- Latex-free and phthalate-free
- Meets the Joint Commission's National Patient Safety Goals for improving the accuracy of patient identification and the effectiveness of communication among caregivers
- Complies with the guidelines of HIPAA to protect patient privacy and AHA to minimize the chance of lost or transferred data
