ISG™ S300 Thermal Printer

The ideal battery powered portable printer that is fast, mobile and efficient

The ISG™ Summit Series S300 is a lightweight, compact printer ideally suited for a wide variety of mobile applications from receipts to barcode labels. Couple the Bluetooth version with a Bluetooth scanner for the perfect patient bedside specimen label solution.

With our PAL® (printing assistance for landscapes) print and program utility allowing for the customization of your output, the ISG™ S300 is an intelligent printer choice.

For applications with a non-standard emulation or data stream, PAL® allows you to load apps that will accept, convert, format and print your data, including creating barcodes. Ongoing service and support, including future changes to the PAL® app, if needed, are available for the life of the printer.

The S300 can be worn on a belt or sholder strap, or attached to a cart or vehicle, for the ultimate in mobile printing. Replace your old thermal printer or plastic card embosser with an ISG™ S300 today!

Key Features

- PAL® Plus, TSPL-EZ, EPL & ZPL emulations
- Wi-Fi, Bluetooth, USB & optional RS-232
- 203 dpi printhead resolution with print speeds up to 4 ips
- Easy media loading
- Belt clip & optional shoulder strap
- Direct thermal printing on all popular media materials
- 12-hour battery use on a single charge

The ISG™ S300 thermal printer has been tested and approved for integration with all common ISG ID software solutions, and is supported by all ISG member dealers that serve across the USA and Canada.
