

# ContourBand® Plus Thermal Wristbands

Color-coded patient  
identification wristbands &  
bedside barcode label sets

## Key Features

- Compatible with most direct thermal printers
- Latex-free & phthalate-free
- Reduces shelf space for product inventory
- Ensures crisp, clear barcodes for easy scanning
- Contour shape conforms comfortably to patient's wrist
- Available with stat labels

ContourBand Plus wristband and labels are the convenient answer to positive identification of patients and specimens, using barcode technology.

- Each sheet has an adult wristband and eight labels (2-5/8" L x 1"W)
- Easy-to-use, tamper-evident adhesive closure
- Unique surface provides seamless printing, high quality imprints, and resistance to water, soap, and hand sanitizers
- Large information area for printing text, linear, and 2D barcodes, photo ID and graphics
- Meets JCN Patient Safety Goals for improving the accuracy of patient identification and improving the effectiveness of communication among caregivers
- Complies with HIPAA guidelines to protect patient privacy and AHA to minimize the chance of lost or transferred data
- Mobile ContourBand® Plus thermal wristbands add versatility and equip the mobile healthcare workforce with the ability to print both a wristband and label in a single step. Compatible with ISG mobile thermal printers

For more information about ContourBand® healthcare patient identification solutions, related thermal printer models and supplies, contact the ISG or your local dealer.
