ContourCare® Thermal Newborn ID System

Matching parent & child label sets for accurate identification

The ContourCare® Thermal Newborn ID System from the ISG helps to ensure that every newborn is properly identified and matched to their parents. It provides single-step, on demand printing of barcoded patient identification wristbands.

- Ultra-soft, lightweight material and contoured shape provide maximum durability and patient comfort
- Compatible with most direct thermal printers
- Available in 2-part or 4-part formats
- Unique surface provides seamless printing, high-quality imprints and resistance to water, soap and hand sanitizer
- Ensures crisp, clear barcodes for easy scannability
- Latex-free and phthalate-free
- Meets the Joint Commission's National Patient Safety Goals for improving the accuracy of patient identification and the effectiveness of communication among caregivers
- Complies with the guidelines of HIPAA to protect patient privacy and AHA to minimize the chance of lost or transferred data

For more information about newborn and family patient identification solutions, related thermal printer models and supplies, contact the ISG or your local dealer.
