

DuraProtect® Laser Wristbands

Advancing patient safety
through intelligent design &
material science

Key Features

- Paper-free construction
- Laminate shield
- Exclusive peel-off design
- Soft synthetic material
- Drop-in replacement formats
- Lower cost

Wristbands are used on every patient in your hospital. Ensure patient identification is not at risk with paper-based wristbands. The DuraProtect® line of laser wristbands surpasses wristbands of yesterday with technology and innovation. Engineered with advanced synthetic materials and intelligent design, DuraProtect delivers optimized performance, reliability, and ease-of-use. The innovative materials of DuraProtect laser wristbands help to protect your patient's identification and their unique print-and-peel design simplifies assembly.

- Highly durable construction
- Protects for reliable scanning
- Easy to assemble, easy to use
- Designed for patient comfort
- Simple to print and implement
- Supports hospital cost savings goals
- High performance and patient satisfaction
- Available in adult sizes and mother/father/baby combinations

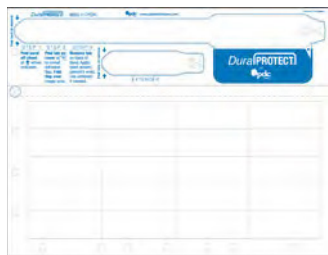

For more information about DuraProtect® healthcare patient identification solutions, related thermal printer models and supplies, contact the ISG or your local dealer.
