Patient ID Card System

Increase patient loyalty, speed up registration & check-in processes with our identification solutions

With compliance to today's healthcare industry standards for a safer, more efficient patient registration process, an ISG Patient ID Card System can improve patient loyalty to your healthcare system.

Automatic and immediate recalling of the correct patient record every time is easy. Scanning a patient's personalized ID card, a driver license or even an insurance card, automatically populates registration fields with their correct data.

Speed up the check-in process and reduce claim denials by securing accurate patient information. Increase patient satisfaction and privacy with fast, efficient check-ins. Cards personalized with photos help with accurate patient identification as well.

ISG Patient ID Card System 20220218

Key Features

- Saves time & money
