

Process 24/7 Lab Label System

Downtime solution for printing lab, blood bank and IV labels

Key Features

- Automatic data encryption
- Import & export to Excel
- Supports multiple forms
- Secure administrator control
- Standard paper printer compatibility
- Includes data entry & virtual form designer screens
- Many other features

Process 24/7 creates multiple custom forms in minutes. Data entry fields can be inserted and resized at 0, 90, 180 and 270 degree orientations. Multiple 1D and 2D barcodes can be easily assigned to each data entry field. Various security filters can be assigned to each field to ensure against operator errors. Graphical logos can also be resized and inserted into label, tag and armband layouts. Process 24/7 easily connects to compatible printers by utilizing Direct Print Technology with no Windows drivers required. Labels, tags, and armbands of up to 12" long are all supported. Process 24/7 is HIPAA-compliant so patient data is encrypted and accessible only under administrator password control. You can print at the touch of a button, and reprint existing forms from previous saves.
