

TIME & ATTENDANCE

Electronic Time Cards for Student Workers

Managing student worker time cards can be a challenging task. With BadgePass Time & Attendance, student workers can simply use their student ID to clock in and out, wherever they may work on campus. The system logs the dates and times of every scan, allowing you to run, edit and export reports at a later time. It's fast and simple for both students and the staff members who oversee its use.

"Hundreds of our students are employed on campus and we needed an easy way to keep up with their hours. BadgePass Time & Attendance allows them to scan their ID when they show up to work and keeps up with all of their times electronically. Managers really like how easy it is to run reports on student hours at the end of every week."

Career Center Director
