Swiftpro K65XL

Swiftpro K65XL

Retransfer Card Printer

The K65XL retransfer card printer is a high-performance, on-demand ID card printer designed to produce oversized event credentials while balancing premium print quality with efficient production. With advanced print settings, including Fine Mode for high-quality output and Fast Mode for high-speed printing, the K65XL adapts to a wide range of card printing needs.

Fine Mode delivers exceptional detail with sharper text, accurate colors, and smooth gradients, making it ideal for high-end IDs, detailed logos, photo-based cards, and oversized event credentials. For higher volume jobs, Fast Mode increases throughput while maintaining reliable, professional results, perfect for visitor badges, membership cards, and bulk printing.

Built for versatility, the K65XL printer ensures consistent, high-quality card production whether the priority is visual precision or operational efficiency.

Selecting the right printer is important. Equally if not more important is using Genuine Swiftpro Supplies. They are critical to delivering printer reliability, print quality and vibrant colors for your card programs. Swiftpro supplies deliver consistency and ensure the longevity of your printer and print head and minimize downtime and create efficiencies in your card programs. Always ask for Genuine Swiftpro Supplies from your Authorized Premiere Value Added Distributor, Premiere Enterprise Solution Provider or Premiere Value-Added Reseller.

Swiftpro®

SECURITY

The ribbon erase function prevents leakage of personal information on the monochrome black panel ink ribbon. It scrambles information beyond recognition to protect this data.

VERSATILITY

Swiftpro's modular design permits customers to upgrade as their card programs need changes.

IMAGE QUALITY

High Resolution printing using 600dpi printing provides superior print quality for all your card programs.

RELIABILITY

Swiftpro K-Series are well respected globally for their Japanese engineering for quality and reliability.

INNOVATION

Innovating since the 90's with state of the art retransfer printers, providing safe, secure, and reliable ID card printer solutions to global organizations since 1989.

DURABILITY

Highly durable printers with industry leading warranties on all our products and lifetime on the print head.
