Multi-Directional Badge Holder

Our multi-directional badge holder features both vertical and horizontal slots, making it the perfect solution for facilities with different ID card styles. Made of flexible vinyl, this multi-directional holder displays one horizontal or vertical ID credential while also keeping it safe from damage. This holder is for credit card-sized (2.13" x 3.38") credentials.

Flexible – The multi-directional design is perfect for sites that issue different types of badges to employees or guests. Eliminate concerns about holders displaying cards in the wrong direction by choosing a solution that can do both.

Convenient – The holder is slotted for easy attachment using a badge reel, strap clip or lanyard, making this a fast, effective card-carrying solution. The flexible vinyl is lightweight and makes it easy to slide a card out when necessary.

Cost-effective – By offering two different styles in a single accessory, this holder saves money: Order these holders in a quantity large enough to meet all of your card-carrying needs instead of ordering smaller quantities of vertical and horizontal holders.

The perfect solution for facilities with different ID card styles!

PREMIUM VINYL DISPLAY HOLDERS

These multi-pocket holders are perfect for role recognition due to the smaller insert slot at the bottom. The larger pocket will hold and protect a standard credit card-sized credential, while the smaller pocket has enough space for a thin paper insert. Both horizontal and vertical display holders are available.

- **DURABLE** — Vinyl construction means the inserted credential will be kept safe from dirt, water and other forms of damage
- **VISIBLE** — Clear material makes it easy to see the inserted credential while still keeping it protected
- **VERSATILE** — Multiple attachment options, including a slot and chain holes, a pin and a rotating clip, mean there's a holder for every need

VINYL PROXIMITY CARD HOLDER

Perfect for displaying and protecting proximity cards, this holder is made of our high-end “S Series” vinyl.

This soft, flexible material offers a premium feel and will keep an inserted card safe from dirt, water and other damage.

- **EXTRA SPACE** — This holder has enough room for a mid-sized credential (3" x 4.5"), like a government ID badge
- **LOCK IT UP** — Use a strap clip to combine a slotted proximity card with this holder and “lock” the card into place, eliminating worries about cards sliding out
